**Iraq (ancient Mesopotamia) was Christian for 500 years before the Muslim invasion!!**

The Pentagon is pushing Sharia law on Iraq and turning that country into another Iran.

Iraq (known in ancient times as Mesopotamia) was the cradle of civilization and the birthplace of Father Abraham. Mesopotamia was once part of the Roman Empire and had millions of Christians until the Muslim invasion of 638.

The Roman Emperor at Constantinople ruled over that BLESSED land . . . until the DARK NIGHT of Islam obscured the SON!!

Sharia law is very similar to the [\*Codex Juris Canonici\*](#) of the Vatican and totally controls a person from the cradle to the grave.

In Islam, Elections, Constitutions, Republics are just COVER-UPS or SMOKESCREENS until they have a global Caliphate and can impose Sharia law worldwide. Sharia law is based on the unholy Koran and the Hadith.

Here is article 2 of the *new* Iraqi "Constitution."

Article 2:

**First: Islam is the official religion of the State and it is a fundamental source of legislation:**

**A. No law that contradicts the established provisions of Islam may be established.**

It is now perfectly clear that even a blind man can see that the Pentagon went to war to overthrow a progressive, pluralistic Iraq in order to impose Sharia law on the country.

Huge Islamic Pentagon standing army headquarters.

The Pentagon has introduced a new "Constitution" for Iraq based on Islamic Sharia law.

The first countries to declare war on the newly independent United States were the Islamic [Barbary States](#).

Pentagon chief Mike (Muslim) Mullen.

The 13 colonies broke with Great Britain over the stationing of a [standing army in Boston!!](#)

To the consternation of Islamic conservatives, Saddam's government gave women freedom and offered them high-level government and industry jobs. Saddam also created a Western-style legal system, making Iraq the only country in the Persian Gulf region not ruled according to traditional Islamic law (Sharia). Saddam abolished the Sharia courts, except for personal injury claims.

Saddam Hussein (1937-2006). Vice President from 1968 to 1979. President from 1979 to 2003.

President Saddam Hussein was working toward a progressive, pluralistic Iraq.

His Deputy Prime Minister, Teriq Aziz, was a Chaldean Catholic.

Teriq Aziz is still in prison in Iraq. His only "crime" is that of being a Christian and loving his country.

The Pentagon portrayed Saddam as an ogre, a ruthless dictator, a madman, but in fact he was highly intelligent, refined, and the author of at least 12 books.

Teriq Aziz (1936 ----). Deputy Prime Minister from 1979 to 2003.

Under the leadership of Saddam, Iraq provided social services that were unprecedented among Middle Eastern countries. Saddam established and controlled the "National Campaign for the Eradication of Illiteracy" and the campaign for "Compulsory Free Education in Iraq," and largely

under his auspices, the government established universal free schooling up to the highest education levels; hundreds of thousands learned to read in the years following the initiation of the program.

In 1970s promoting women's education and literacy.

Saddam Hussein was keenly interested in improving literacy in Iraq.

His country was a beacon of hope for all Arab women oppressed by Islam.

He was also the author of at least 12 books.

Saddam Hussein authored at least 12 books.

The government also supported families of soldiers, granted free hospitalization to everyone, and gave subsidies to farmers. Iraq created one of the most modernized public-health systems in the Middle East, earning Saddam an award from the United Nations Educational, Scientific and Cultural Organization.

Voting is a big COVER-UP in Islamic countries because Sharia law rules from the cradle to the grave.

Women "voting" in Iraq.

Voting is a SHAM in Islam . . . especially for women.

Sharia law says a husband can have up to 4 wives. (Quran 4:3).

Wives can be beaten and divorced at the whim of their husbands. >

Voting is a sham in Islam.

Under the "brutal dictator" Saddam, women were taught to read, they could drive cars and work outside the home. All that is now ended thanks to Islam and the Pentagon.

## 1979 was the year 1400 in Islam

The Islamic LUNAR calendar totally obliterates any reference to Christian dates. Their year ONE begins in 622 A.D., when the FALSE PROPHET Muhammad fled from Mecca to Medina. Their counting system is DECIMAL (1-10) and "Arabic numerals" were actually invented in INDIA and carried to Europe by the conquering Muslims.

Muslim eschatology is very similar to [Jesuit Futurism](#)....Futurism teaches that the Antichrist will be a single individual who will conquer the world and reign for 7 years from Jerusalem.

The Muslims are looking for a MAHDI or Guided One who will conquer the world for Islam and rule for about 7 years before the Last Day.

Mahdi fever was rampant as 1879 approached—the beginning of the Islamic 14th century:

Abdulláhi al-Taíshi was not the only man in Sudan looking for the Mahdi. **For Muslims, the year 1297 was drawing to a close and, with a new century approaching, talk of a Mahdi arising was swirling excitedly.** Waves of 'Faláta', Sudanese of West African origin who were among Muhammad Ahmed's earliest admirers, had come to Sudan precisely because they had been warned to expect a Mahdi to arise in the east. Nor were the people of Obeid immune to a prevailing obsessive speculation about an imminent Mahdi. Rival gangs of children from different neighbourhoods of the town fought each other under home-made banners, representing 'Turks' and followers of the Mahdi. When their elders discovered this rather bloody game (which the 'Mahdists' always won), they took the boys to task but muttered among themselves the proverb akhdhú fálkum min awládikum —'Draw your omens from what your children say and do', in other words, 'From the mouths of babes ...'(Fergus, *The Sword of the Prophet. The Mahdi of Sudan and the Death of General Gordon*, p. 559).

Muhammad Ahmed Al-Mahdi (1833-1885).

At the beginning of every century, Mahdi FEVER takes over Islam.

In 1879, a Mahdi appeared in the Sudan named Muhammad Ahmed.

His goal was to conquer the world for Islam, but he died soon after the *beheading* of his antagonist, general Charles Gordon, at Khartoum.

General Charles Gordon (1833-1885) was *beheaded* at Khartoum by the Mahdi.

BEHEADING is the favorite Muslim method of killing. Muhammad said:

When you meet the unbelievers on the battlefield **strike off their heads** and, when you have laid them low, bind their captives firmly. Then grant them their freedom or take a ransom from them, until War shall lay down her burdens. (Sura 47:3).

By a remarkable coincidence, 1979 was the beginning of the 15th century of Islam.

## The Pentagon sponsored Iranian Revolution of 1979

Jesus said emphatically that Satan does not cast out Satan....The Pentagon may *appear* to be at war with Iran but it is all a COVER-UP or charade:

And he (JESUS) called them unto him, and said unto them in parables, How can Satan cast out Satan? (Luke 3:23).

In 1979, the Shah of Iran was overthrown by the Iranian Revolution. Before the Revolution, Iran and Iraq experienced cordial relations. That ended when a fanatical clerical regime, led by the Ayatollah Khomeini, ousted the Shah and took control of the country.

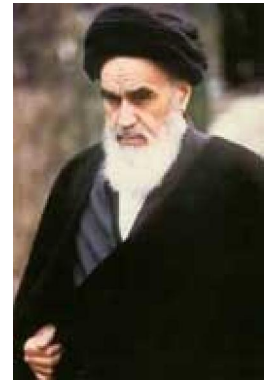

Shah Mohammad Reza Pahlavi (1919-1980).  
Shah from 1941 to 1979.

The pro-Iraq Shah of Iran was overthrown in 1979.

With Pentagon help, an Islamic regime, disguised as a "Republic" was installed in Iran.

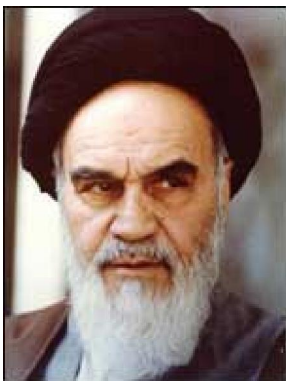

Ayatollah Khomeini was a bitter enemy of the freedoms under President Saddam.

Ayatollah Khomeini (1902-1989).  
Ruler of Iran from 1979 to 1989.

War broke out immediately between Iraq and Iran.

The Khomeini regime was a fanatical clerical state based on Sharia law which denied women any kind of civil rights.

Ayatollah Haji Williamson Khomeini.

Ayatollah Khomeini was a [Rasputin](#) like figure with strange mesmerizing power.

His *real* father was a British adventurer and spy named Haji Williamson.

Williamson—an employee of the Anglo-Iranian Oil Company, had a least 4 wives and 4 surviving sons.

One of them was Ruhollah Khomeini.

Haji Williamson (1873 - 1958).

Since the days of Queen Elizabeth I and the [Spanish Armada](#), the British have had the best intelligence service in the world....The Vatican used this spying apparatus to further *their* causes such as the creation of the [Khazar State](#) of "Israel" and the Iranian Revolution!!

Williamson was born in Bristol, England, in 1872. For 14 years Williamson lived among the Bedouin tribes on the Arabian Peninsula and in 1895 and 1898 he went on pilgrimages to Mecca, took on the title of Haji, along with the name of his first benefactor, Fazl, adding Zobeiri to it as a distinguisher. Thus, William Richard Williamson became Haji Abdullah Fazl Zobeiri.

Here is a report about Haji Abdullah Williamson from his biographer, Stanton Hope:

On various occasions between the World Wars, Haji Abdullah Williamson was

mentioned in British newspapers and spoken of by lecturers as a most remarkable character. These written and verbal reports also agreed that he had many strange and wonderful adventures in World War One, but was "extremely" reticent" about them. **The reticence was due to his being on Secret Service for the Allies much of the time.**

Williamson had bought a house and date gardens near Basrah, and spent part of his time there during the three years prior to the outbreak of the 1914 war. Family feuds were rife at the period, and town life became dangerous owing to the unending plots and assassinations. Williamson, who was mixed up with the Arab society of the place, deemed it safer to take his family to stay with a friend seven miles down-river. He was in this temporary home when war was declared against Turkey at the end of October, 1914. (*Hope, Arabian Adventurer, p. 281*).

Being a spy, Haji Williamson never told his biographer the complete stories of his intrigues in the Middle East.

In 1980, President Carter lost his chance for a 2nd term as President because of the Iranian Hostage Crisis.

The Iranian hostage crisis was a diplomatic crisis between Iran and the United States wherein 53 Americans were held hostage for 444 days from November 4, 1979 to January 20, 1981, after a group of Islamic "students" and militants took over the American Embassy in support of the Iranian Revolution.

President Jimmy Carter (1924---).  
President from 1977 to 1981.

Because of the Iranian Hostage Crisis, President Carter lost the election to *actor* Ronald Reagan.

Reagan, under order from the Pentagon, presided over the largest military buildup in U.S. history.

He also established diplomatic relations with the Vatican in 1984.

During the Iran-Iraq war, vast quantities of Pentagon arms were shipped via [Khazaria](#) to Iran.

Ronald Reagan (1911-2004).  
President from 1981 to 1989.

During the Iran-Iraq war (1980-1988), vast quantities of arms were shipped via Khazaria to the Khomeini regime in Iran:

According to the *Times*, "The Reagan Administration continued to replenish Israel's stockpile of American-made weapons, despite clear evidence that Israel was shipping them to Iran." Indeed, some of the special flights transporting American weapons for Iran took off from a secret CIA air base near Tucson, Arizona. Israel also set up a clandestine office in New York City

to direct the purchases of American-made military equipment for resale to Iran. Those weapons included some of the most sophisticated arms in the American arsenal, from Hawk anti-aircraft missiles and Lance surface-to-surface missiles to TOW anti-tank missiles and armor-piercing shells. Israel was shipping not just weapons but an unbelievable gamut of products. For instance, hundreds of thousands of young Iranian boy soldiers were sent charging ahead of regular Iranian troops to absorb the brunt of Iraqi artillery bombardments or blow a path through enemy mine fields with their own bodies. They were glorified as martyrs to Islam and issued a small plastic key that, they were assured, would open the gates of Paradise. Those keys were manufactured on an Israeli kibbutz. (Lando, [Web of Deceit. The History of Western Complicity in Iraq, from Churchill to Kennedy to George W. Bush](#), p. 59).

Unfortunately, President Carter (unlike Reagan), never got to serve a second term as President because of the Pentagon manipulation of the Iranian Hostage Crisis.

## An Islamic "Republic" is a oxymoron!!

An Islamic "Republic" is an oxymoron. Islam is totally based on Sharia law and no matter what clever politicians say about personal freedom . . . it simply cannot exist in Islam.

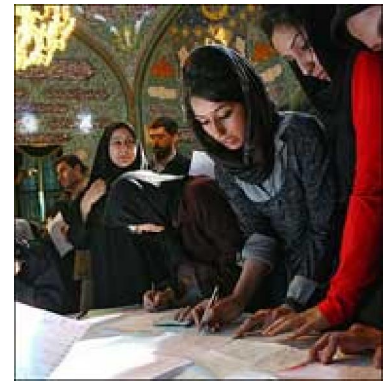

Cover-ups "voting" in Iran.

Iran is the model for the new clerical regime in Iraq.

An Islamic "Republic" is an oxymoron.

All their laws are based on the unholy Koran and the Hadith, and only the complete elimination of Islam will rid the world of this despotic anti-Christ, anti-democratic system.

Voting is a sham in Iran.

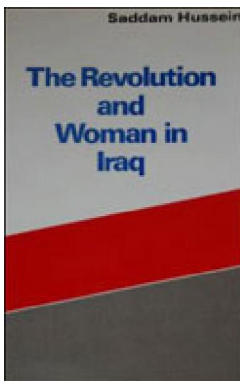

Here is a quote about Islam from the "Catholic" Encyclopedia as they denigrate their own system:

In matters political Islam is a system of despotism at home and aggression abroad. The Prophet commanded absolute submission to the imâm. In no case was the sword to be raised against him. The rights of non-Moslem subjects are of the vaguest and most limited kind, and a religious war is a sacred duty whenever there is a chance of success against the "Infidel". Medieval and modern Mohammedan, especially Turkish persecutions of both Jews and Christians are perhaps the best illustration of this fanatical religious and political spirit. ("Catholic" Encyclopedia, article, Islam).

Sharia law *and the* Latin Church *Codex Juris Canonici* are 2 similar and totally despotic legal systems.

## Books by author Saddam Hussein

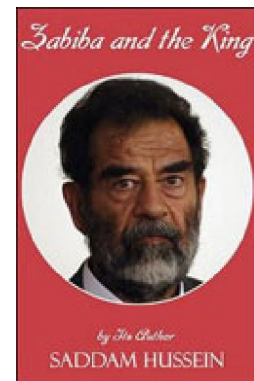

It is just amazing how the "brutal dictator" Saddam Hussein found time to write so many books.

[\*The Revolution and Woman in Iraq\*](#) by Saddam.

It is just marvelous how the "dangerous dictator" Saddam found time to write books.

Of course the demonization of Saddam was all a Pentagon plot to impose Sharia law on a freedom loving people.

*Zabida and the King* by Saddam.

Saddam's other titles include:

*Human Rights In Iraq*

*On History Heritage and Religion*

*On Iraq & International Politics*

*On Oil Nationalisation in Iraq*

*Social and Foreign Affairs in Iraq*

*One Trench Or Two?*
