

It's About Time for the Lord to Come Again!!

"For the unit is the tenth of ten, and ten units make up a decade, which is itself the limit, the settled goal and boundary of units: it is that which terminates the infinity of number; the term and end of units" (Eusebius, *Oration to Constantine*, p. 587)

In 30 B.C., Egypt became a province of the Roman Empire. The Roman eagle had triumphed over the Egyptian cross. 250 years later, Egypt managed to conquer the Roman eagle and the vast resources of the Roman Empire were used to make war on true Christianity.

Emperor Diocletian (245- 313) was the BRAINS behind [Pope Constantine](#) and the last great pagan persecution of the Christians.

Roman Emperor Diocletian became emperor of Rome in the year 284. In 303, he initiated the last great 10 year pagan persecution of the Christians.

In a 10 year rampage, his soldiers killed and imprisoned hundreds of thousands of Christians and millions of books about the history of Christianity and the world were systematically destroyed.

The Romans dated the beginning of their history from the supposed founding of the city of Rome (*ab urbe condita* or A.U.C. as commonly abbreviated.) This was the year 753 B. C.

According to this reckoning, the first year of the reign of Diocletian would be the Roman year 1037 A.U.C.

Emperor Diocletian began his reign with a brand new calendar. He started his calendar with the first year of his reign (A. D. or Anno Diocletiani) because all of the past history of the world was about to be destroyed. A new era was indeed about to

begin with the ascension of Diocletian.

Roman legions could not defeat the Egyptian goddess religion!!

The mighty Roman legions conquered the known world but they were POWERLESS against the Satanically inspired [Egyptian](#) mother goddess religion. Only the Sword of the Spirit, which is the Word of God, can defeat the unseen hosts of darkness. By persecuting and killing the Christians, the Caesars *guaranteed* the ascendancy of the Isis and Horus cult and the eventual replacement of *pagan* Rome with something FAR WORSE—*Papal* Rome!!

Emperor Diocletian adopted the Egyptian calendar!!

Emperor Diocletian was the BRAINS behind [Pope Constantine](#) and the merging of paganism and Christianity. Constantine was just a roughneck Roman soldier and it is highly unlikely that he ever opened a book in his life. Here is a quote from the book *Handbook of Biblical Chronology*:

"Among eras with later epochs one may be mentioned briefly in transition to treatment of the Christian era. The reign of Diocletian (A.D. 284-305) was considered so important as to mark an era. Diocletian was proclaimed emperor by his troops at Chalcedon on Sep 17, A.D. 284. **The reckoning of an era of Diocletian originated in Egypt and the epoch was taken as the Egyptian New Year's day immediately preceding his accession, namely Thoth 1 = August 29, A.D. 284.** Accordingly Anno Diocletiani 1 was August 29, 284 - August 28, 285; Anno Diocletiani 100 was August 29, 383 - August 28, 384, and so on. The era was often employed in the Christian church where, since Diocletian was the great persecutor of the Christians, it was also known as the *aera martyrum*, "era of the martyrs." Wide use of the era continued until the eighth century, and it is still found among the Abyssinians and Copts in Egypt. (Finegan, *Handbook of Biblical Chronology*, pp. 131-132).

Thoth was the Egyptian BABOON god!!

The Egyptians had a filthy, Satanically inspired religion which worshipped all kinds of animals, birds and insects. St. Paul warned the Roman Christians about this polytheistic Egyptian religion:

"Professing themselves to be WISE, they became fools, And changed the glory of the uncorruptible God into an image made like to corruptible man, and to birds, and fourfooted beasts, and creeping things" (Romans 1:22-23).

The monkey or BABOON was held especially sacred because they believed that man came from monkeys. This is where the idea of EVILution originated. It was STOLEN from ancient Egypt. Satan's animalistic religion certainly made a monkey out of the ancient Egyptians:

The baboon god Thoth was the Egyptian god of "wisdom".

3 Egyptian demons: the goddess Taweret, the god Bes, and the god Thoth in baboon form.

"This "wisdom" descendeth not from above, but is earthly, sensual, devilish." (St. James 3:5).

JEHOVAH gave Abraham a perfect calendar!!

Redemption history begins with Father Abraham. He is the father of all those who believe in the one true God.

"Even as Abraham believed God, and it was accounted to him for righteousness, Know ye therefore that they which are of faith, the same are the children of Abraham" (Gen. 15:16, Gal. 3:6-7).

Abraham entered the land of Canaan when he was 75 years old *about* 1967 years before the birth of Christ. Almighty God appeared to him and told him that his descendants would be slaves and that after 400 years they would be delivered from slavery:

"And he (JEHOVAH) said unto Abram, Know of a surety that thy seed shall be a stranger in a land that is not theirs, and shall serve them; and they shall afflict them four hundred years" (Genesis 15:14).

The Exodus was to occur in the 4th generation from Abraham:

"But in the fourth generation they shall come hither again: for the iniquity of the Amorites is not yet full" (Genesis 15:16).

Abraham begot Isaac and Isaac begot Jacob. Jacob (Israel) had 12 sons and one of them was named LEVI. Levi was the grandfather of Amram who was the father of Moses and Aaron (Exodus 6:16-20).

This great promise to Abraham was literally fulfilled exactly 430 years later in the Exodus from Egypt.

"Now the sojourning of the children of Israel, who dwelt in Egypt, was four hundred and thirty years. And it came to pass at the end of the four hundred and thirty years, even the selfsame day it came to pass, that all the hosts of the LORD went out from the land of Egypt" (Exodus 12: 40-41).

All the Israelites had to do from that point onward was to count the years from the Exodus. The first year after the Exodus would be A.A. 432 (Anno Abraham or After Abraham) etc., etc.

Around 529 B.C., the prophet Jeremiah synchronized the Jewish calendar with the first year of Nebuchadnezzar king of Babylon. From that point onward, Jewish history and world history were harmonized:

"The word that came to Jeremiah concerning all the people of Judah in the fourth year of Jehoiakim the son of Josiah king of Judah, that was the first year of Nebuchadnezzar king of Babylon" (Jeremiah 25:1).

Two streams or lines of chronology met just at the time when Jesus began His public ministry. One stream was the count of years from Father Abraham and the other stream was the count of years from Cyrus the Great, Emperor of Persia.

The Christian calendar is off by 3 years!!

The Exodus from Egypt is the great type of the death and Resurrection of Christ. Jesus *is* the Passover. St. Paul calls Him: "Christ our Passover" (I Cor. 5:7). The Exodus happened at the end of a DECADE so the Resurrection had to occur at the end of a decade!!!

"The Christian Era (i.e. the scheme of dates beginning A. D. 1) was not devised until A.D. 532. Its inventor, or contriver, was a monk named Dionysius Exiguus. At that time the system of dates in common use began from the era of the emperor Diocletian, A.D. 284. Exiguus was not willing to connect his system of dates with the name of that infamous tyrant and persecutor. So he conceived the idea of connecting his system with, and dating all its events from, the Incarnation of Jesus Christ. His reason for wishing to do this was, as he wrote to Bishop Petronius, "to the end that the commencement of our hope might be better known to us, and that the cause of man's restoration, namely, our Redeemer's passion, might appear with clearer evidence." (Mauro, *The Wonders of Bible Chronology*, p. 84).

Exiguus calculated that the year of the Lord's birth was A.U.C. 753 or 753 years from the founding of the city of Rome. He made his equivalence of dates from Luke 3:1, "Now in the fifteenth year of the reign of Tiberius Caesar" etc., at which time Christ was 30 years of age according to Luke 3:23.

According to this dating system, Christ was born in the year 1 A.D. or Anno Domini. That would make Him 30 years old in the year 30 A.D. Since Christ ministered for *about* 3 years that means that the Resurrection occurred in the year 33 A.D. 33 A.D. is not the end of a decade . . . it is the *beginning* of a decade so it cannot be the proper date for

the Resurrection.

The Christian era should begin at the Resurrection of Christ or on the 15th year of Tiberius Caesar when Jesus was 30 years old and began His ministry.

The Resurrection occurred exactly 2,000 years from Abraham!!

The Exodus from Egypt occurred at the end of 430 years from Father Abraham. In other words, it happened at the end of a DECADE of 10 years. According to the chronology of the Bible, Jesus was 30 years old *about* 1997 A.A. (After Abraham) and that he rose from the dead in the year 2,000 A.A, exactly 2,000 years after Abraham entered the Promised Land. God's timing is always PERFECT.

Here are some highlights of the greatest events from Abraham to the Resurrection of Christ. This chronology is strictly from the Old Testament and does not rely on any outside sources like the Jewish historian Josephus or Ptolemy. Anybody with a copy of the Old Testament and an aptitude for basic mathematics can verify the results.

The Exodus is also a type of the Second Coming of Christ and the end of the world.

The Exodus is also a type of the Second Coming of Christ and the end of the world.

St. Paul said this about the Old Testament:

"Now all these things (in the Old Testament) happened unto them for examples: and they are written for our admonition (warning), upon whom the ends of the world are come" (I Cor. 10:11).

[Pharaoh](#) will make one last great mad attempt to destroy the *spiritual* children of Israel before the glorious Resurrection day and the Exodus to the promised land of Heaven. The Bible call it Armageddon; we call it the Last Great Inquisition.

"And I saw three unclean spirits like FROGS come out of the mouth of the dragon, and out of the mouth of the beast, and out of the mouth of false prophet. For they are the spirits of devils working miracles, which go forth unto the kings of the earth and of the whole world, to gather them to the battle of the great day of God Almighty . . . and he gathered them together into a place called in the Hebrew tongue ARMAGEDDON" (Rev. 16:13-16).

The sacred numbers 7 and 10 in the Bible!!

After the number 7 the number 10 is the most important in the Bible. There were 10 plagues on Egypt before Pharaoh relented and let the people go. Moses received 10 commandments on Mount Sinai. The beast in Daniel and Revelation had 10 horns and 10 toes etc. etc.

All the great Biblical events happened at the end of a decade of 10 years. Noah's Flood occurred in the 10th generation from Adam when Noah was 600 years old. The Exodus

happened at the end of 430 years. The Babylonian Captivity ended after 70 years. The Resurrection of Christ occurred at the end of a decade; and the Fall of Jerusalem to the Romans happened in 70 A.D. —exactly 40 years after the Resurrection of Christ.

The blessed Reformation of [Saint Martin Luther](#) happened in the year 1517, and the greatest recent fulfillment of Bible prophecy was the [Fall of the Papal States](#) in 1870.

10 was the most important number for the ancient Romans

The ancient Roman calendar consisted of a year of 10 MONTHS beginning in March. The last month of the Roman year was DECEMBER. Julius Caesar added 2 more months to conform to the Egyptian calendar of 12 months to a year.

December 2006						
S	M	T	W	T	F	S
					1	2
3	4	5	6	7	8	9
10	11	12	13	14	15	16
17	18	19	20	21	22	23
24	25	26	27	28	29	30
31						

The 10th month is now the 12th month!!

DECEM means 10 in Latin; therefore the last or 10th month of the Roman year was called DECEMBER.

However, thanks to the folly of Papal Rome, we now call the 12th month DECEMBER and celebrate Christ -mas or the mass of Christ on Dec. 25.

This Roman SOLAR calendar was handed down to us by Papal Rome.

There are NO SOLAR holidays in the Bible. God gave Moses a perfect calendar based on observation and ALL the Jewish holidays were LUNAR.

All of the important events in Bible history are dated . . . except for the birth of Christ. Jesus entered the world *incognito* and His ministry began when He was 30 years old. Satan wants us to remember the helpless infant in His mother's arms, not the reigning Kings of kings in Heaven. That is what Christ-mas is all about!!

Julius Caesar *and* Cleopatra gave us the January New Year!!

Julius Caesar—under advice from his mistress Cleopatra—moved the Roman new year from March to January. This was to coincide with the great Egyptian festival of the birth of Horus which took place on Dec. 25.

Dec. 25 was the birthday of the Egyptian god Horus.

Queen Cleopatra convinced her lover Julius Caesar to move the Roman new year from March to January in order to coincide with the great festival of the birth of Horus.

This huge mother and child festival honored the mother (Isis) and her boy child Horus.

Pope Constantine kept this huge pagan Egyptian festival but Isis was now called Mary and her child was called Jesus!!

Julius Caesar (100 B.C. - 44 B.C.), Cleopatra's lover and dictator of Rome.

For those who live in the Northern hemisphere and FREEZE celebrating New Year's day on the first day of January, blame Julius Caesar and his mistress Cleopatra, queen of Egypt.

In his quest to overthrow the Roman Republic and replace it with a dictatorship, he followed one of his rival generals, Pompey the Great, into Egypt. After murdering the general, he met and began an adulterous relationship with CLEOPATRA, queen of EGYPT.

Cleopatra returned with him to Rome and brought some of her astronomers with her. At her advise, he moved the Roman Republic's new year from March and the Spring equinox to January. The Egyptians were fanatical sun worshippers and this put the new year close to the Winter Solstice.

This new Egyptian-Roman SUN calendar with the January new year was called the JULIAN calendar. It was in effect until that infamous [Pope Gregory](#) changed it to the Gregorian calendar in 1582.

Had Julius Caesar lived, he might have changed the *chronology* of Rome to start at his

dictatorship rather than at the founding of the city of Rome.

To conform to this Egyptian-Roman SUN calendar the birthday of Jesus was changed from April to the Winter Solstice.

Caesar was hated by the Roman senators because he sought to destroy the Republic and make himself a king. He was assassinated on the Ides of March— the FIRST MONTH of the Roman Republic calendar. The assassination of Julius Caesar was immortalized in a play by William Shakespeare entitled *Julius Caesar*.

Editor's Notes

From Abraham to Adam and the creation of the universe was *about* 2000 years. The EVILutionists need MILLIONS of years for their scheme of microbes to monkeys to men to succeed.

Abraham entered Canaan or the Promised Land on April 15, 1967 B.C. The Exodus occurred on this day exactly 430 years later:

"And it came to pass at the end of the four hundred and thirty years, even the SELFSAME DAY it came to pass, that all the hosts of the LORD went out from the land of Egypt" (Exodus 12:41).

Jesus rose from the dead at the Passover exactly 2000 years later and He took the SOULS of all the Old Testament saint to the Promised Land of Heaven.

Now when Christians die their souls go straight to Heaven (no purgatory) and their bodies will be resurrected on the Last Day when the final Exodus occurs!!
