Roberto Gonzales—a full blooded Mexican—was nominated for Attorney General of the U.S. by President Bush.

On Nov. 11, 2004, President Bush nominated Roberto Gonzales—a full blooded Mexican—for the position of Attorney General of the U.S.

There is even talk of nominating Gonzales for the position of Justice of the Supreme Court of the U.S.

All that left is for a Hispanic to become President of the U.S.

This move is part of a sinister plot by the Jesuits and the Spanish Inquisition to put the Bull of Borgia into effect in the U.S.

Attorney General [Charles Joseph Bonaparte](#)—*another* Spanish Inquisition dupe!!

[Stop Alberto Gonzales and the Spanish Inquisition from taking over the U.S.](#)

The infamous Bull of Pope Alexander VI

Pope Alexander VI (1492-1503), the infamous [Borgia](#) gave the New World to Spain. He was a MONSTER of INIQUITY even by the standards of his day.

The diabolical MONSTER of INIQUITY Alexander Borgia became Pope in August 1492, just a month before Christopher Columbus left Spain bound for Santo Domingo.

The Papacy cost [Alexander Borgia](#) an enormous sum in bribes. He was determined to get the money back and he had most of his rivals poisoned. Finally, his evil deeds returned upon his own head and he drank the poisoned cup that he had prepared for another cardinal.

When [Christopher Columbus](#) returned from visiting the island of Santo Domingo in March, 1494, Borgia issued a [Papal Bull](#) giving the New World to Spain and warning EVERY other nation (even Italians) not to even THINK about going there.

This was the end result of a diabolical plot by Antichrist to steal the New World from [John Cabot](#) and England in order to unleash the brutal Spanish Inquisition on the defenseless New World natives.

This monster is also the patron of the Knights of Columbus—the lay arm of the Jesuits in the U.S.

The Bull of Borgia in action in the New World!!

Brutal Spanish Inquisition putting the Bull of Borgia into effect in the New World!!

Soon after landing on the island of Hispaniola, the Spanish began their relentless search for gold.

They told the New World natives that they had been living RENT FREE on the Pope's land for centuries and now it was time to collect the rent . . . with ARREARS!!

Every three months, the Indians were forced to surrender a hawk's bell filled with gold dust. In return they were given a copper token stamped with the date. Those who were found without a current token had their hands amputated as an example to others. Others who resisted were fed to the savage Spanish dogs.

The gold and silver was shipped back to the Vatican to fight the blessed Reformation of

The greedy Popes claimed ownership of the ENTIRE western world due to the forged [Donation of Constantine](#).

The Spanish told the New World natives that they had been living RENT FREE on the Pope's land for centuries and now they had to pay the arrears—with gold or silver!!

From 1500 to 1540 at least 100 MILLION New World natives were killed by the Spanish or wiped out by diseases brought over by the Conquistadors.

Most of the jails in Spain were emptied and the prisoners were promised a free pardon if they would join the Spanish army and serve in the New World.

Pope Borgia poisoned the King of France . . . and the Dauphin!!

King Charles VIII of France (1470-1498).

Another victim of the cup of Borgia!!

The King of France was just 28 years old when he fell victim to the cup of Borgia.

The Dauphin—the king's 3 month old son was also killed by the *liquor of succession!!*

The great Reformer [Savonarola](#) looked upon the king of France as a modern day Cyrus the Great who would rid Rome of the GANGSTER Rodrigo Borgia.

The king invaded Rome in 1494 but the incantations and witchcraft of Borgia caused the French soldiers to fall on their knees . . . instead of attacking and deposing this monster who claimed to be the "Vicar of Christ."

Borgia raised up several armies to attack the king but he managed to escape back to France.

Just before the beginning of his second

expedition in 1498 to depose the depraved Pope Alexander VI, he died of the poison cup or *cantarella* of Borgia.

As the army of King Charles was about to storm the Pope's hideout of Castel Sant' Angelo; Borgia cast a spell on the French army by means of the host:

"In the breach occasioned by the slide appeared the Holy Father. Vested in his pontifical robes, crowned with the tiara, six loyal cardinals by his side, **Alexander carried the Sacred Host in his covered hands. Though not a word of command was given the French army dropped to its knees. The King of France, his Chancellor Cardinal Gurgins, the Seneschal, the princes of the blood, the Archbishop of St. Malo, all bowed their heads and remained in that position as the Pontiff solemnly pointed the monstrance to the four corners of the earth and then withdrew with his cardinals as silently as he had come....**"(van Paassen, *A Crown of Fire*, p. 195).

The king was preparing to lead a new expedition to liberate Rome when he suddenly dropped dead:

"On that same afternoon when the Florentines were gathered in the Piazza, their ally, King Charles VIII of France, lay on a dung heap half an hour's walking distance from the town of Amboise, southwest of Orleans. He had been inspecting his troops that day as they were about to start on the long march to Rome. At five o'clock in the afternoon on April 7, 1498, King Charles was seized with a heart attack. For want of a bed or a couch, his soldiers laid him on a manure pile where he expired after suffering atrocious pains. The King of France was dead, the Friar (Savonarola) had failed to produce a miracle, and Pope Alexander was safe."(van Passeen, *A Crown of Fire*, p. 283).

The Sack of Rome in 1527 in order to prevent King Henry's divorce!!

The brutal Spanish Inquisition wanted to keep England occupied in order to conquer the entire New World. Their agent in England was Catherine of Aragon, daughter of Ferdinand and Isabella the Catholic.

The Lord shut up Catherine's womb and prevented her from having male children. King Henry VIII grew tired of her and applied to the Pope for a divorce. Pope Clement was ready to grant Henry VIII a divorce from Catherine of Aragon in order to marry [Saint Anne Boleyn](#).

King Henry was ready to pay up to half his kingdom in gold for the divorce. The gold reached Rome in the spring of 1527.

The Spanish Inquisition was alarmed when King Henry asked the Pope for permission to divorce Catherine of Aragon and marry Saint Anne Boleyn.

This meant that an English queen who favored the Reformation would encourage King Henry to follow up on the Discovery of the New World by John Cabot.

On May 5, 1527, the Spanish invaded and sacked the city of Rome destroying priceless treasures. The Pope was made a prisoner and a vassal of the Emperor Charles V.

The Spanish attacked the city of Rome and committed unspeakable tortures on the inhabitants. They stole the gold that Henry sent for the divorce and made the Pope a prisoner.

With no divorce and no gold, King Henry turned in disgust from the "church" of Rome and made himself Pope in his kingdom.

The Swiss fought bravely against the Spanish on the walls of Rome in 1527!!

Swiss Guard at the Vatican.

The Swiss fought bravely against the Spanish on the walls of Rome in 1527. As a reward they were made the official police force of Vatican City.

The Swiss soldiers fought bravely against the Spanish on the walls of Rome, and as a result, the Pope made them permanent protectors of the Vatican.

It is said that the Romans have long memories. Every time they see the Swiss Guards they are reminded of the terrible acts of treachery by the Roman Catholic Spanish and of the destruction of priceless works of art.

The Cardinals were actually **TORURED** to reveal their hidden gold and silver.

That is the reason why the Italians have **NEVER** had another Spanish White Pope!!

Borgia was the **LAST** "White" Spanish Pope!!

Because of the ruthless slaughter of the Romans in 1527, Borgia was the last "White" Spanish Pope. There is a pseudo Pope or substitute Pope however and he is called the Black Pope or the Jesuit General. He is the successor of Ignatius LIEola and most of the Generals have been Spanish. The White Pope **MUST** confess his sins (and they are many) to the Black Pope:

Ignatius LIEola (1491-1556).

The Jesuit General is referred to as the "Black" Pope at the Vatican because he always dresses in black!!

The Jesuits was founded by Ignatius LIEola on August 15, 1534, to fight the Glorious Reformation of Martin Luther which began on Oct. 31, 1517, with the posting of the 95 Theses on the congregation door at Wittenberg, Germany.

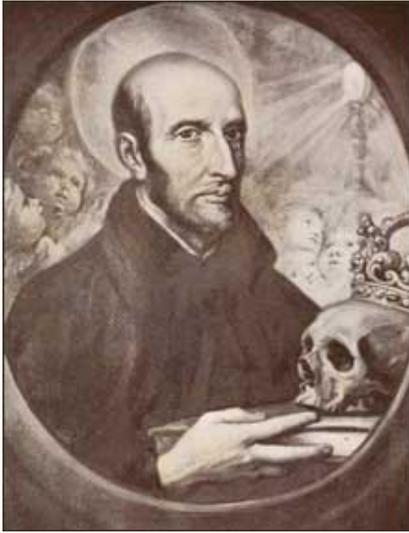

Until their suppression by all the Roman Catholic monarchs beginning in 1750, they were responsible for the [Thirty Years' War](#), the Spanish Armada, the [St. Bartholomew's Day Massacre](#) in France, etc., etc.

They were so wicked and corrupt that even the devil himself became ashamed of them and they were finally banned from every Catholic country in Europe including Japan and China. They were finally and *permanently* outlawed by the Pope himself in 1773.

LIEola was also the Founder of the Alumbrados or the Illuminati.

The Borgia-Jesuit Connection!!

LIEola was a soldier by profession and was wounded in a battle against the French. This was when his so-called "conversion" took place. He was not wealthy and had no real connection with the Spanish nobility. The Pope would never have approved another order of monks—especially a Spanish Inquisition Order—but LIEola had a very special sponsor or patron: the great-grandson of Pope Borgia himself:

[Francis Borgia](#) (1510-1572) was the great-grandson of Pope Alexander Borgia and co-founder of the Jesuits.

He inherited all the secret poison recipes of his great grandfather—Pope Alexander Borgia!!

Francis Borgia was the great-grandson of Pope Alexander Borgia. On his mother's side he was descended from King Ferdinand of Aragon.

He was co-founder of the Jesuit Order and the 3rd Jesuit General.

Without the Borgia connection the Jesuits would have been stillborn.

The Jesuit General or Black Pope became the most feared and hated man at the Vatican. The General inherited ALL the secret poison recipes of Pope Alexander Borgia.

Any White Pope or government ruler who did not cooperate with the plans of the Jesuits was given the *cantrella* of Borgia.

Only the Last Judgment will reveal how many rulers were poisoned by the order of the Black Pope or Jesuit General.

Pope Clement XIV banned the Jesuit Order by a *perpetual decree!!*

Pope Clement XIV banned the Spanish Inquisition by a perpetual decree in 1773.

Pope Clement XIV (1769-1774).

A victim of the *cantrella* of Borgia!!

On July 21, 1773, this "infallible" Pope banned the Jesuit order by a *perpetual decree* never to be rescinded.... It cost him his life as he was given the *cup of Borgia* shortly thereafter and died a horrible lingering death:

"And to this end a member of the regular clergy, recommendable for this prudence and sound morals, shall be chosen to preside over and govern the said houses; **so that the name of the Company shall be, and is, for ever extinguished and suppressed**" (Portion of *Bull of Suppression of Pope Clement XIV*).

In 1814, the "infallible" Pope Pius VII removed the "perpetual" ban of his predecessor and restored the Jesuits. In 1801, he signed a Concordat with Napoleon Bonaparte and crowned him Emperor of France in 1804.

Napoleon Bonaparte's grand nephew, Charles Joseph Bonaparte, became Attorney General of the U.S. in 1906!!

Roosevelt's Attorney General founded the FBI—**F**ederal **B**ureau of **I**nquisition!!

Charles Joseph Bonaparte, Attorney General of the U.S. from 1906 to 1909.

[Charles Joseph Bonaparte](#) was the grand nephew of Emperor Napoleon and attorney General under Theodore Roosevelt from 1906 to 1909.

He founded the Bureau of Inquisition which later became known as the "Federal" Bureau of Inquisition or the FBI. He also founded an organization called the American Protective *League* (APL) which spied on patriotic people who exposed Rome's activities. People confused it with the patriotic U.S. Protective Association or the APA.

The FBI under J. Edgar Hoover created a brutal dictatorship in the U.S. with total control of the press, radio, and television.

This dictatorship led to the Great Depression, the "election" of FDR in 1932, the building of the Pentagon, the atomic bomb, the Cold War, the [fake moon landings](#), the wars in Korea, Vietnam, Iraq, etc., etc., etc.

The Pentagon wants a Spanish Inquisition Pope—to restore the lost Papal States!!

Believe it or not the Pentagon wants a Spanish Inquisition Pope in order to restore the lost Papal States.... They have decided to fight God Almighty Himself.... Their puppet President Bush has already nominated a Mexican for Attorney General. This will fit in perfectly with their plans to put the Bull of Borgia into effect in the U.S.

The Pentagon wants a Spanish Inquisition Pope!!

The Pentagon was founded by Rockefeller, Roosevelt, and J. Edgar Hoover. It is a HUGE fortress that totally dominates Washington DeCeit.

They look to the Jesuit general in Rome as their commanding officer.

They are determined that the next Pope will be a Spanish Inquisition Pope in order to put the Bull of Borgia into effect in the U.S.

"Electing" a Spanish Pope will be very, very expensive for the Pentagon. They will have to offer HUGE BRIBES to the College of Cardinals in order to overcome the centuries old opposition to the Spanish. With unlimited funds from the "Protestant" U.S. taxpayers and their expertise in fixing "elections" that should be no problem however.

For Protestant Christians only!!

St. Paul was the founder of Christ's congregation in [Spain](#) after he had established God's congregation at Rome. St. Paul said:

"Whensoever I take my journey into **Spain**, I will come to you: for I trust to see you in my journey, and to be brought on my way thitherward by you, if first I be somewhat filled with your company" (Romans 15:24).

"When therefore I have performed this, and have sealed to them this fruit, I will come by you into **Spain**" (Romans 15:28).

The Knights of Columbus have the Borgia Pope as their patron. They have not relinquished their *dream* of making America Roman Catholic. [Tom Ridge of Romeland Insecurity](#) is one of their members. Millions of Spanish speaking people have entered the U.S. since 1964 with the intent of putting this BULL into effect. Don't be a victim like John

Cabot and his crew and millions of others who perished by the infernal Spanish Inquisition.

If you wait until the last Pope starts speaking to them in Spanish and telling them that its "convert or die" time it will be too late. St. Paul was the founder of the congregation of Spain. God does not want this alien force controlling Spain or Latin America ... or any country of the world.

Win these dupes of Rome to the REAL Christ of the Bible NOW and take away all the Vatican's weapons. Rome has trusted in her armour of lies, forgeries, counterfeits and propaganda to lay claim to the New World. Jesus said:

"When a strong man (Pope, Spanish Inquisition) armed keepeth his [palace](#), his goods are in peace: But when a stronger than he (JESUS) shall come upon him, and overcome him, he taketh from him all his armour wherein he trusted, and divideth his spoils" (Luke 11:21-22).

The LORD JESUS CHRIST is the STRONG MAN who defeated Satan 2000 years when He established His kingdom. He left the "mopping up" operation to His bride—the true congregation. He promised that the GATES of HELL would not prevail against her and that He would be with us always even unto the END of the world, amen!!
